

SCHOOL OUTREACH PROGRAMS

Grades 6-12
2024-2025

Blue Traveler

Sixth Grade GSE: S6E3

Students play a game of chance to discover the various pathways of water through the natural and human water cycles.

Water Quality Lab

Seventh to Twelfth Grades
GSE: S7L4, SEV1e

Students discover methods used to monitor water quality in our local streams and discuss human activities that impact water quality and strategies to protect local waterways.

Careers in Water

Sixth to Twelfth Grades GSE: SEV4

Students explore careers in the water industry, including water and wastewater treatment, laboratory science, system construction, and maintenance.

**FREE for schools
in Fulton County**
